POINTS FOR THE READER.

There are some hard facts, which will bear careful consideration in connection with the true situation of the country as going to ruin under the N. P.

In 1871 Canada's population was 2,801,000 north of the line, in 1891, 4,570,120. The market for cattle in Britain.

The Government Savings Bank in 1877 contained \$7,470,631 of the people's money. In 1890 they contained \$41,012,405.

The coal production in Canada in 1879, under 500,000 tons, was 353,800 tons. Under the 2,537,240 tons, and goes on increasing.

Foreign trade is not the only index of a nation's prosperity, but Canada makes a good showing in that respect. Our foreign trade per head of population is \$40; the United States \$22.

During the last five years, the actual rate of destruction by fire—i.e., in the language of finance, "realized wealth"—has increased at the rate of something over \$25,000,000 per annum.

The return of Canada's exports above 1889—
1890—\$89,187,167
1891—\$92,740,120

Does this look like national bankruptcy? Canada's aggregate trade
1890—\$204,414,038
1891—\$216,937,600

Increase in one year—\$12,523,562
Is this evidence that the country is going to ruin?

Pictures to be Glanced.
Lilliput as they are in size (being no larger than mustard seeds), they achieve results that their Eriochloa opponents utterly fail in. We refer to the efficacy of the powerful preparations known as Dr. J. C. Daly's, which, compared with that of their gigantic competitors, the old-fashioned pills, are as a drop of water to the ocean. Lilliputian, constipation, biliousness, or any kindred ills assail you, and make you make-to-mistake—they'll disappear at once.

NEWS CONDENSED.
The French colonies at Pondicherry are suffering from drought and famine. The British colonies at Pondicherry are not so good. They are mild and sunny.

Dr. Low's Sulphur Soap is a delightful shampoo. It cleanses the scalp and dandruff. It is sold everywhere.

Signor Orpelli's resignation has been accepted, and Marquis de Rodini is trying to get the job.

PALE WORM makes a tonic, strengthening, food, building medicine like Milk, Iron and Wine.

WORMS CAUSE SERIOUS SICKNESS. Dr. Low's Worm Syrup destroys and expels all kinds of worms quickly and surely.

Reports from China state that many deaths and much suffering have been caused in that country by recent floods and fires.

Five hundred families in the city of New York, yesterday destroyed most of their property by fire.

At J. H. Stenburgh & Son's bolt and nut works at Raleigh, N.C., were burned last night. Loss \$750,000. Nearly 600 hands are thrown out of work.

It is now authoritatively stated that J. N. Henry, the defaulting grain merchant of Chatham, is under arrest in Mexico. How to get him over the line is now the question.

THE GAZETTE in one of the papers of the Saskatchewan Coal Co. at Nantawake, Pa., ignited yesterday and the whole of the works are threatened with destruction. Seven hundred men are thrown out.

Makes the Weak Strong

The weak benefit which people derive from Hood's Sarsaparilla, confirms the claims that this medicine makes the weak strong. It does not act like a stimulant, producing temporary strength through the use of drugs, but it gives a permanent, natural vigor, and restores the system to its normal state.

That Tired Feeling
Creates a desire, for the body is weak, and the mind is tired. Hood's Sarsaparilla, which I look for general utility, is the best remedy for the tired feeling. It builds up the system, and gives me a natural vigor. Hood's Sarsaparilla, Lowell, Mass.

Fagged Out
"Last spring I was completely fagged out. My strength left me and I felt weak and miserable all the time, so that I could hardly attend to my business. I took one bottle of Hood's Sarsaparilla, and it cured me. I was able to do my work, and I feel better than ever. I will not be fagged out by anything else. Hood's Sarsaparilla, Lowell, Mass.

Worn Out
"Hood's Sarsaparilla restored me to good health. I feel better than ever, and I can do my work. I will not be worn out by anything else. Hood's Sarsaparilla, Lowell, Mass.

Daily Intelligence
Bellefleur, Thursday Feb. 12
CARTWRIGHT CONDEMNED IT.

"There is no doubt whether before we can obtain such a measure of Universal Suffrage as the advocates of the system desire, it will be necessary for us to discriminate against the manufacturers of other countries; against those even of Great Britain."—Sir Richard Cartwright at Taggart, 1887.

CHEERING RECORDS.
Residents of the East Riding inform us that the nomination of Mr. Northrup has been received with enthusiasm in their several localities.

Deacons, Shamoon, the front of Thawley, the College district, and Tweed were heard from today, all in the most satisfactory manner.

Mr. Northrup is already at work, and will conduct a vigorous and, we believe, successful campaign.

PLATE A SHIRK.
The Conservatives do not meet Dr. O'Connell this afternoon, but the camp is still in the air. The Conservatives are exacting the price of the truth. Dr. O'Connell never attends an opponent's meeting. Those who wish to discuss the issues of the day with the Doctor are thus constrained to attend his meetings, and he always insists on speaking last. It is true that he has been charged to lead that no opponent ever speaks after him. The dog is a mean one, but characteristic of the man who sneaked out of the House rather than vote for a resolution declaring the loyalty of Canada to Britain.

UNION MAN WOULD CONSENT.
In his Ottawa speech Sir Richard Cartwright declared that a part of the duty of a politician is to accept the responsibility of the right to alter his own mind. But, for obvious reasons, this is the very last thing that the United States would allow her to do. With her trade across an international boundary three thousand miles long, and with a Canadian fleet lower than McKinley's, this country would not become a smugler's paradise. Undoubtedly we never consent to the opening of so wide a back door to our markets.

This is what the Intelligence has always said since Mr. J. D. Edgar re-christened the building. This is why we have always called U. R. a phantom project and stated that it is absurd to present it as a loan to our people. The idea is a great one; but "why didn't it say so before?"

WIMAN ENLIGHTENS.
Mr. Wiman said in an interview at Chicago, as reported in the Globe of October 5, 1889:

"All present the importations from England by Canada amount to about 50 millions. It is safe to say that there are no duties on American goods which would be out in two, and the English and other importations would be reduced to about \$25,000,000."

The total amount of customs duties collected in Canada in 1888-9 was \$100,000,000. If no duties were levied on imports from the United States, the total amount of customs duties collected in Canada in 1888-9 would be \$100,000,000. Half of this (\$50,000,000) would go to the United States, and the other half (\$50,000,000) would go to the Canadian government. This would be a great benefit to the United States, and a great benefit to the Canadian government.

A PACT FOR FARMERS.
Ex-Alderman G. F. Frankland, of Toronto, the great cattle king, writes as follows to the Empire:

"Think of it, Canada for years has been a market to let cattle out at an average of \$10 per head more than the American farmer has received after shipping them hundreds of miles to Chicago. For some years, I may say with truth, the only reason why the American farmer was established, our Ontario farmers were sold hundreds of thousands of cattle on the same terms, and with the same result, the weight of the public scale and paid for. And, yet, remember that, with the same result, the short drive cattle, they are receiving from the \$1 per hundred more than the American farmer."

NO AGREEMENT REACHED

O'BRIEN AND DILLON FAIL IN THEIR MEDIATION.
And with yesterday's statement of the result of the negotiations, the failure of the mediation is complete.

The liver acts as a filter to remove impurities from the blood. To keep it in perfect working order use B. B. the great liver regulator.

Stanley Books are now as common as Stanley's Pills. The best of the latter is the best of the former. The best of the former is the best of the latter.

In the Venetian Pill, Dr. Ferraro has given to the world the fruits of his scientific research in the whole realm of medicine. It is a new and valuable discovery.

The coaters of the Egyptian Islands will find directly on a triangle made of the small bottles. They then only handle the bottles.

Constipation.

If not remedied in season, is liable to become habitual and chronic. Dr. Ferraro's Pills, being mild, effective, and strengthening in their action, are generally recommended by the faculty as the best of aperients.

"Having been subject, for years, to constipation, without being able to find relief, I at last tried Ayer's Pills. I do not think of them as a pleasure to me. I have derived great benefit from their use. For over two years past I have been free of these pills every night before retiring. I would not mind to be without them."—G. W. Bowman, 20 East Main St., Carlisle, Pa.

TREASON UNVEILED

Farrar's Correspondence with
Winnipeg and HillALL MOVING TOGETHER FOR
ANNA DUFFWHICH WILL BE THE LAST OF THE
BARRAR

Mr. J. C. Farrar presided.

During the course of his speech Sir

Charles read the following letter:

Toronto, April 22, 1898.

My dear Mr. Wm. Hill:

You Ottawa man will find a good

many of your people, that on our account

you need not go to the trouble of prepara-

tion. At present the C. U. movement is at

a standstill. First of all, the Joint agita-

tion, which is here to stay, has to some ex-

tent supplanted it. Secondly, the general

belief in the Republic is not so strong as

it was some years ago. Thirdly, a very

large number of people are inclined to

think that WE HAD BETTER MAKE

FOR ANNEXATION AT ONCE, IN

STEAD OF MAKING A BATTLE

ON THE CHERRY. Lastly, the old parties

have been rapidly breaking up, and WHEN

SILVER MONROE comes to power, we shall

not have a party to support. For these reasons

the C. U. movement is at a standstill. It is

subject a real one. There is really no one

talking it up to a people whose politics are

in a state of flux, and who are not

willing to be led by a man who is not

willing to be led by a man who is not

willing to be led by a man who is not

Meeting at Johnston

Mr. Corby's Candidate Meeting With Friends at Johnston.

A meeting in the interest of Mr. Corby was held last evening at Johnston. School house. There was a large attendance, and the meeting was an enthusiastic one. Mr. J. S. Dunlop, deputy mayor of the Township of St. John, presided over the meeting, and Mr. Corby, who was the main attraction, spoke at some length, dealing principally with the price of grain, and the fact that the price of grain and other farm produce was very low in the United States, and that at much less price than is obtained here. Mr. W. H. Hulton made a long and to the point reply to Mr. Corby's remarks. Mr. R. C. Hulton next spoke for an hour; his address was from the farmer's standpoint, and was very given. He showed conclusively that the farmers to-day were in a better condition in this country than they were in the United States. At times the speaker grew quite eloquent, and received applause. The meeting was a close by giving a short, practical address. Cheers were then given for the Queen, St. John, and Mr. Corby.

A Farewell Concert.

The concert tendered to Mr. J. N. Doyle previous to the departure for Ottawa, where he enters upon professional duties at Ottawa College, was a success in every particular. The city hall was well filled with appreciative auditors, and the singing of the splendid musical programme, which was given by Mr. Doyle and his friends, was of a most splendid effect, although the former lady was suffering from a severe cold. Mrs. C. Campbell, the soloist, sang "The Rose Tree" and "The Bird Song" with much effect. Mr. Doyle, who was the soloist, sang "The Rose Tree" and "The Bird Song" with much effect. Mr. Doyle, who was the soloist, sang "The Rose Tree" and "The Bird Song" with much effect.

Prince Edward.

A large and enthusiastic meeting of the electors was held last night in the village of Allouville in the interest of Mr. A. J. Miller. The meeting was held at the residence of Mr. J. N. Doyle, who was the soloist, sang "The Rose Tree" and "The Bird Song" with much effect. Mr. Doyle, who was the soloist, sang "The Rose Tree" and "The Bird Song" with much effect.

A Rare Compliment.

Perhaps it is not generally known that the original form of the "Bird Song" was written by Mr. J. N. Doyle, who was the soloist, sang "The Rose Tree" and "The Bird Song" with much effect. Mr. Doyle, who was the soloist, sang "The Rose Tree" and "The Bird Song" with much effect.

The 1, 2, 3, 4, 5.

The Canadian Press Weekly is out with another grand prize competition to increase its circulation. In which 300 valuable prizes are offered. The prizes are offered in the form of a book, and the prizes are offered in the form of a book, and the prizes are offered in the form of a book.

"Truth's" Premium.

We have been shown by Mr. Geo. A. Skinner the prize drawn by her in the "Truth's" premium. The prize was a book, and the prize was a book, and the prize was a book.

The Food not All Dead Yet.

Even a blind man can see that more than half the population of this country is suffering from the effects of the famine. The famine is a famine, and the famine is a famine, and the famine is a famine.

The Century of John Wesley.

On Monday evening next, the Methodist of this city will join in the celebration of the first centenary of the death of Rev. John Wesley. The celebration is a celebration, and the celebration is a celebration, and the celebration is a celebration.

The Best Result.

Every ingredient employed in producing Hood's Sarsaparilla is strictly pure, and is the best of its kind in the world to buy. The Sarsaparilla is a Sarsaparilla, and the Sarsaparilla is a Sarsaparilla, and the Sarsaparilla is a Sarsaparilla.

Church Notes.

A memorial service, in connection with the centenary of the death of Rev. John Wesley, will be held in the Tabernacle to-morrow evening. The service is a service, and the service is a service, and the service is a service.
